The 4th Annual Brandon Motta Fund 5k Run & 2 Mile Fun Walk
www.helpbrandon.com

The Cause

Brandon is a **9-year-old boy** from Riverside RI; he has been clinically diagnosed with **CMT, a neuromuscular disorder**. Brandon walked until the age of 2 when he lost mobility from the flu. **Brandon spent 10 weeks in the ICU unit of Hasbro Children's Hospital. He underwent a life saving surgery and a second surgery to insert a permanent tracheotomy to help clear his weak lungs.** Since being home from the hospital Brandon continues to have numerous doctors appointments and needs continuous care. He is confined to a **wheelchair** and a cumbersome medical device that he needs to breathe. Yet regardless of the remarkable setbacks he's encountered in his short life, he is vivacious and has a personality that you'd have to be lifeless not to fall in love with.

Brandon is now in the 3rd grade. His health is improving but he **still relies on a wheelchair to get around**. Brandon's family is trying to make his life as normal as possible for a 9-year-old boy.

Please help support Brandon and our great event; you will help one of the greatest loves of my life and give my buddy a chance to be a typical kid. With the help and support of generous people like you I know we can pull together and help an extraordinary kid.

Race Course

The course is located at mostly flat and scenic Colt State Park in Bristol, RI. The course will start at the shelter located towards the back of the park. Water will be available before the race, along with water and food available at the finish line.

Timing and Scoring

Spitler Race Systems will run the time and scoring.

Parking

Plenty of parking will be available at Colt State Park near the shelter.

Entry Fee

Children Under 12 – Free

Children Over 12 & Adults - \$30.00 (*Online Registration Only*)

Race Day Registration - \$40.00 (*Starts at 7:30AM*)

**Registration fee includes an event t-shirt*
